

Offered with the choice of two heights, our 20' side door containers provide the perfect solution for railcar operation with unrestricted access on both sides for ease and speed of loading and unloading.

These versatile side-opening containers accommodate two pallets side-by-side to maximise capacity, whilst the option to install a mezzanine deck provides further convenience. CS Leasing's side door containers are manufactured with fork pockets for easy manoeuvring by forklift whether laden or unladen.

#### Key features

- Accommodates two pallets side-by-side
- Multi side door opening configuration
- 3mm steel checker-plate flooring
- Provision for mezzanine decks
- Fork pockets for empty or laden liftings
- Full intermodal and container ship compatibility
